

QUALITY ASSURANCE MANUAL

Section 9
Issue 1

QUALITY POLICY STATEMENT

Page 1 of 1

The declared policy of Chatsworth Forge Limited is to supply products with consistent high standards of quality of design, manufacture, site erection and finish.

To achieve these high standards Chatsworth Forge Ltd has a documented system of quality control designed to comply with the requirements of B.S 5750: part 1: 1987 and to establish more efficient internal procedures and systems of working.

In order to achieve the desired objectives, the co-operation of all employees is essential. Your individual contribution to establishing and maintaining the quality system is vital. Where you consider improvements could be made to our established quality procedures please put these ideas in writing to your supervisor or manager. Where these ideas improve our procedures, they will be incorporated into our Quality System.

It is in all our interest to improve our Quality system whenever possible. Our performance as a company depends on producing and maintaining products of the highest quality. To achieve this we must work as a team. By individual and team effort, we can ensure that we provide a quality service to our customers and secure a better future for us all.

I delegate to the Quality Manager the responsibility and the authority for ensuring that the requirements of the Quality Manual and Procedures are implemented and maintained throughout the Company.

Sean Stephens – Managing Director
